Propose

In order to declare the Applied Math major, your proposed major in MyUCSC must be within the Division of Physical and Biological Sciences or Baskin Engineering.

You are not required to have your proposed major in MyUCSC listed as Applied Math in order to declare the major. However, it is recommended. **Being a proposed major allows students to:**

* be connected to advising.

* receive important communications.

* gain access to enrolling in some major courses that may be restricted to proposed majors.
