Prepare to Declare Biomolecular Engineering and Bioinformatics

Propose

In order to declare the Biomolecular Engineering and Bioinformatics major, your proposed major in MyUCSC must be one of the following:

- Biomolecular Engineering and Bioinformatics
- Computer Engineering
- Computer Science: Computer Game Design
- Computer Science (BA or BS)
- Electrical Engineering
- Robotics Engineering
- Technology and Information Management

To change your proposed major to a Baskin major please visit: http://tinyurl.com/m8j3u7w

Take classes your first year

Within your first 3 quarters at UCSC you MUST pass MATH 19A or MATH 20A AND 2 courses from the following list*:

- CHEM 1A - General Chemistry
- CHEM 1B - General Chemistry
- CSE 12 - Computer Systems & Assembly Language
- CSE 13S Computer Systems & C Programming OR ECE 13- Computer Systems & C Programming
- CSE 16 - Discrete Math
- CSE 30 - Programming Abstractions in Python
- TIM 50 - Business Information Systems
- TIM 58 - Systems Analysis & Design
- MATH 19B - Calculus
- MATH 20B - Honors Calculus
- PHYS 5A - Intro to Physics I
- PHYS 5C - Intro to Physics III

Make sure to take all classes you are using for major requirements for a letter grade!

Qualify

Complete 45 credits of coursework required for the major no later than the end of your 5th quarter at UCSC to declare.

Be sure that the major qualification classes you are taking apply toward your intended concentration!

Have no more than 7 credits of non-passing (below C) grades in major qualification courses. Repeating a class replaces the grade in your GPA but will still count toward the non-passing grade total.

Earn at least a 2.8 GPA in courses required for the major that you have completed at the time of declaration. That's just above a B- average!

Declare

Declare your major no later than your 6th quarter at UCSC.

Visit https://undergrad.soe.ucsc.edu/current-students/declare-your-major to see the steps to the major declaration process.

The Baskin Engineering declaration process requires an early start! Be sure to visit the website and start the declaration process within the first 2 weeks of the quarter you are declaring! Don't wait for the deadline!

undergrad.soe.ucsc.edu * bsoeadvising@ucsc.edu * 8/10/2022

These major qualification requirements are intended for students entering UCSC as a first-time frosh student in 2022-23. Students admitted to UCSC as a transfer student must be admitted to the major at the time of admission to UCSC.

*Bolded courses are required courses for the Biomolecular Engineering and Bioinformatics major. Only one of Math 19B or Math 20B is required. Note that some courses may only be required for a specific concentration. Please consult a major Curriculum Chart, the General Catalog, or a BE advisor if you are unsure.
