Prepare to Declare Network and Digital Technology

Propose

You are not required to have your proposed major in MyUCSC listed as Network and Digital Technology in order to declare the major. However, it is recommended.

Being a proposed major allows students to:
* be connected to advising.
* receive important communications.
* gain access to enrolling in some major courses that may be restricted to proposed majors.

To change your proposed major to a Baskin Engineering major:
http://tinyurl.com/m8j3u7w

**Qualify**

Complete 36 credits of major qualification coursework (listed below) no later than the end of your 5th quarter at UCSC to declare.

**Major Qualification Courses:**
- MATH 19A
- MATH 19B
- AM 10 or MATH 21
- AM 20 or MATH 24
- AM 30 or MATH 23A
- CSE 12
- CSE 13S or ECE 13
- CSE 16
- CSE 30
- PHYS 5A/L or PHYS 6A/L
- PHYS 5C/N or PHYS 6C/N

Earn at least a 2.3 GPA in the major qualification courses. That's a C+ average.

Make sure to take all classes you are using for major requirements for a letter grade.

**Declare**

Declare your major no later than your 6th quarter at UCSC.

Visit https://undergrad.soe.ucsc.edu/current-students/declare-your-major to see the steps to the major declaration process.

The Baskin Engineering declaration process requires an early start. Be sure to visit the website and start the declaration process within the first 2 weeks of the quarter you are declaring! Don't wait for the deadline!
