Prepare to Declare Network and Digital Technology

Propose
You are not required to have your proposed major in MyUCSC listed as Network and Digital Technology in order to declare the major. However, it is recommended.

Being a proposed major allows students to:
* be connected to advising.
* receive important communications.
* gain access to enrolling in some major courses that may be restricted to proposed majors.

To change your proposed major to a Baskin Engineering major:
http://tinyurl.com/m8j3u7w

Qualify
Complete **36 credits** of major qualification coursework (listed below) no later than the end of your **5th quarter** at UCSC to declare.

**Major Qualification Courses:**
- MATH 19A
- MATH 19B
- AM 10 or MATH 21
- AM 20 or MATH 24
- AM 30 or MATH 23A
- CSE 12
- CSE 13S or ECE 13
- CSE 16
- CSE 30
- PHYS 5A/L or PHYS 6A/L
- PHYS 5C/N or PHYS 6C/N

Earn at least a **2.3 GPA** in the major qualification courses. That’s a C+ average.

Make sure to take all classes you are using for major requirements for a letter grade.

Declare
Declare your major no later than your **6th quarter** at UCSC.

- Visit
  https://undergrad.soe.ucsc.edu/currentstudents/declare-your-major to see the steps to the major declaration process.

**The Baskin Engineering declaration process requires an early start!** Be sure to visit the website and start the declaration process within the **first 2 weeks** of the quarter you are declaring! **Don’t wait for the deadline!**
